Departments – Business - Benefits

Choose Carefully!

Due to IRS regulation, you cannot change your elections until the next Annual Open Enrollment period, unless you have a Qualifying Event during the year. Following are examples of the most common Qualifying Events:

- Marriage or Divorce
- Birth or Adoption of a child
- Death of a Spouse or dependent
- Change in child custody
- Change in coverage election made by your spouse during his/her employer's Open Enrollment
- You gain or lose coverage under your spouse's plan

To make changes to your benefit elections, you MUST contact the Benefits Department within 30 days of the Qualifying Event (including newborns). Be prepared to show documentation of the event such as marriage certificate, birth certificate, divorce decree, or loss of other coverage letter. If changes are not submitted on time, you must wait until the next Open Enrollment period to make your election changes.

HMO Plan

With the HMO Plan, you select a Primary Care Physician from the participating network of providers who will coordinate your healthcare needs including referrals to specialists and approving further medical treatment. Services received outside of the HMO are not covered, except in the case of emergency care.

PPO Plan

The PPO Plan gives you the freedom to seek care from the provider of your choice. However, you will maximize your benefits and reduce your out-of-pocket costs if you choose a provider who participates in-network. The calendar year deductible must be met before certain services are covered.

The chart below provides a high-level overview of your medical plan options. For the full Explanation of Coverage (EOC), please visit our website.
